

NEW MARKETS
TAX CREDIT COALITION

TEXAS ORGANIZATIONS ON WHAT THE NEW MARKETS TAX CREDIT MEANS TO THEIR COMMUNITY:

"Being able to leverage our resources to build community facilities like a medical clinic, we so badly need. Being able to afford NMTC financing vs. very expensive conventional financing is what the Pueblo needs. We support NMTC financing."

-Roberto Franco, Director of Economic Development, Ysleta Del Sur Pueblo, El Paso, TX

"It means that 7 mental health centers in rural Texas towns will get substantial funding to expand their currently underfunded mission."

-William Sutherland, President, TransPecos Development Corp, San Antonio, TX

"The NMTC gives us the opportunity and sustainable funding to truly make an impact in the most vulnerable communities. Without the support of NMTC, communities that need the most help may get left behind, or worse, pushed out without any real solution to improving the community."

-Cathy Phan, Business Development Coordinator, Asian American Health Coalition dba HOPE Clinic, Houston, TX

"NMTCs provide a vital economic resource enabling businesses to fill economic gaps with below-market, flexible funding that they cannot access in the market and provide for accessible and quality jobs, access to community and commercial goods and services that align with community goals and visions - designed to lift low-income neighborhoods upward and achieve long-term sustainable growth, active workforce participation, and engender prosperity for America's disadvantaged communities."

-Terri Preston, Executive Director, The Valued Advisor Fund, Austin, TX
