IN TOTAL CAPITAL IN NY05

THE JOSEPH P. ADDABBO FAMILY HEALTH CENTER, INC.

Arverne, NY

Expansion and renovation of Addabbo's main health center, which will double the size of its size by constructing a 21,000 sq. ft. addition to the existing 22,155 sq. ft. building. This will enable Addabbo to accommodate more patients and reconfigure existing services to improve patient flow. An additional 6,400 patients are anticipated to be served through 32,000 additional visits – a direct result of expanding facilities for medical, mental health, and physical therapy services.

COMMUNITY HEALTH ROCKAWAY

Rockaway, NY

Construct multi-tenant medical services facility offering primary medical care and ambulatory surgical services. Additional services include dialysis, imaging, physician practices and physical therapy.

CAYUGA GREEN

Ithaca, NY

Cayuga Green is expected to help create a 24-hour downtown by addressing the city's growing demand for downtown housing and providing new retail space that will contribute to the growing economy.

ABOUT THE NMTC

AFTER DECADES OF CUTS TO COMMUNITY DEVELOPMENT GRANT PROGRAMS, COMMUNITIES INCREASINGLY COUNT ON THE NEW MARKETS TAX CREDIT TO MAKE IMPORTANT INVESTMENTS POSSIBLE

The New Markets Tax Credit (NMTC) is an important source of financing for businesses and community facilities in America's most distressed rural and urban communities. Congress authorized the NMTC in 2000 to bring down the cost of capital in communities outside of the economic mainstream. Taxpayers receive a 39 percent tax credit (taken over seven years) for qualified investments into Community Development Entities (CDEs), organizations with a track record of loans and investments in underserved areas. CDEs use the proceeds of those investments to finance business expansions, community facilities, and other projects prioritized by communities.

ECONOMIC IMPACT

CREATING JOBS

The NMTC has delivered \$95 billion in total project financing to nearly 6,000 projects creating 1,000,000 jobs at a cost to the federal government of less than \$20,000 per job.

JUMP-STARTING MANUFACTURING

From the outfitting of maker-spaces to the construction of large plants, the NMTC provides nearly \$1 billion annually to manufacturing & industrial facilities.

ENHANCING SERVICES

Over one-third of NMTC financing goes to YMCAs, hospitals, childcare centers, nonprofits, arts & cultural amenities, & other facilities vital to healthy communities.

INDEPENDENT EVALUATION

An independent compliance review by Summit Consulting found that program participants are significantly lowering the cost of capital for borrowers in low-income communities and exceeding statutory and regulatory requirements for the targeting of economic distress.

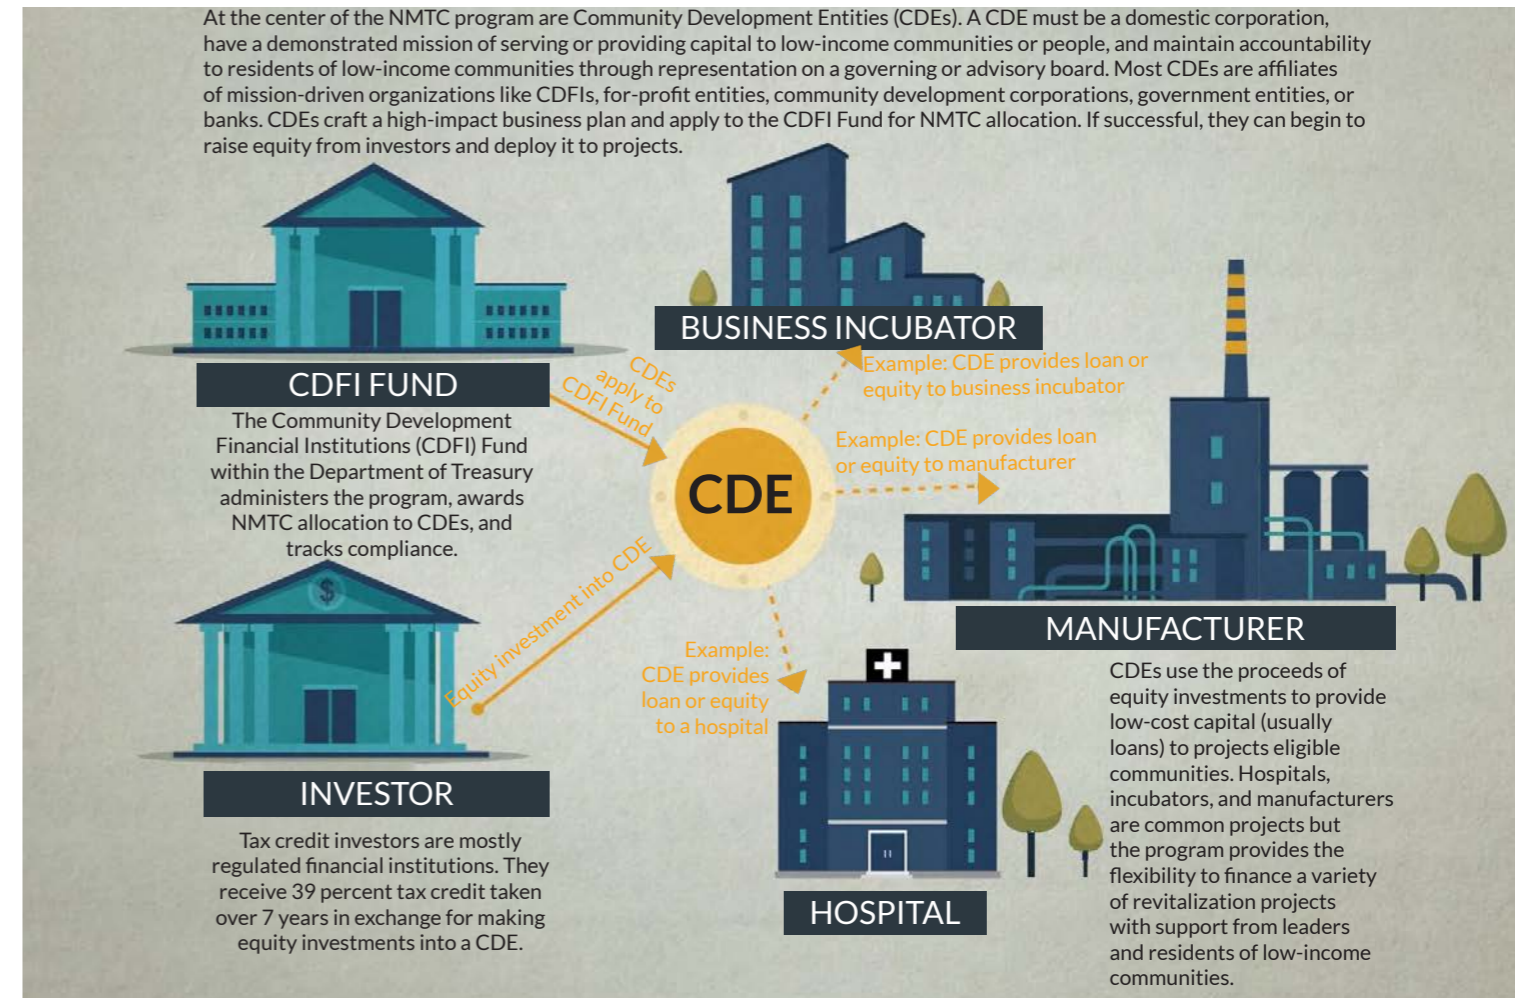

EXTENSION LEGISLATION

The New Markets Tax Credit, one of our most effective tools for community revitalization, expires at the end of 2019. Join the effort to extend the NMTC, preserving billions for manufacturing expansions, community health centers, and other important projects in America's hardest hit communities by building support for the New Markets Tax Credit Extension Act of 2019 (H.R. 1680/S. 750), which would make the NMTC permanent and increase the allocation amount.

The legislation would: provide an indefinite extension to the NMTC; increase allocation authority, adjusted for inflation; improve tax credit pricing and expand the investor-base by providing AMT relief to NMTC investors.

HOW IT WORKS

MOBILIZING CAPITAL FOR HIGH-IMPACT PROJECTS

ELIGIBLE COMMUNITIES

NMTC projects must be located in census tracts with poverty rates of at least 20 percent or median incomes at or below 20 percent of the area median. However...

75% of NMTC projects are located in **severely distressed communities** that far exceed the statutory requirements for distress.

WHAT ABOUT RURAL?

The NMTC statute directs the CDFI Fund to ensure NMTC allocation reaches a proportional share of non-metropolitan counties.

23% of NMTC projects were located in non-metropolitan counties in 2017.

GAP FINANCING

Example: Imagine a business needs \$15 million to expand a production facility and purchase new equipment to meet growing demand. The business can only come up with \$12 million from a conventional lender. The NMTC fills the gap and makes the expansion possible.
